Introduction

- Introduction of research area and topics

Background and Motivation

- Background of current research work and Motivation

Relevance and Importance

- Make it clear what new insights you will contribute, who they are relevant to, and why the research is worth doing.

Research Gap

- After Literature Review Principally mentioned Research Gap points

Objectives

- Precisely mention your aims / objectives of the proposed research work

Required Dataset, Tools and Technology

- Mention the Required Tools and Technology, Instruments which may used for proposed research.

Methodology

- Describe the conceptual / analytical / theoretical / computational / experimental and methodological boundaries within which the proposed work will be carried out.

Result

Conclusion

Future Work

References

- Indicate references by number(s) in square brackets in line with the text. IEEE format only.
